INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Community Foundation of Washington County, Inc.

Opinion

We have audited the accompanying financial statements of Community Foundation of Washington County, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2021, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Foundation of Washington County, Inc. as of December 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Foundation of Washington County, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Foundation of Washington County, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Foundation of Washington County, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Foundation of Washington County, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

COMMUNITY FOUNDATION OF WASHINGTON COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Organization and Nature of Activities

The Community Foundation of Washington County, Inc., (“the Foundation”) is a Mississippi nonprofit corporation classified by the Internal Revenue Service as tax-exempt under Section 501(c)(3). The Foundation serves as a leader, catalyst, and resource for philanthropy and seeks to improve the lives of individuals in Washington County, Mississippi. The Foundation accomplishes this by developing partnerships with philanthropic individuals, community leaders, and the non-profit sector to ensure that together they can build permanent endowments, make prudent grants for charitable causes, be a catalyst to solve community concerns and strengthen non-profit organizations. The Foundation was established in 2012. The mission of the Foundation is connecting people who care with causes that matter to create a thriving community for all.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Net Asset Classifications

To ensure observance of certain constraints and restrictions placed on the use of resources, the accounts of the Foundation are maintained in accordance with the principles of net asset accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into net asset classes that are in accordance with specified activities or objectives. Accordingly, all financial transactions have been recorded and reported by net asset class as follows:

Net assets without donor restrictions. Consist of donations and bequests that are available for the support of the operations of the Foundation, and for discretionary and donor advised granting needs.

Net assets with donor restrictions. The Foundation reports gifts of cash and other assets as net assets with donor restrictions if the support is received with donor stipulations that limit the use of the donated assets for a specific purpose or are not available for use until a specific time. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time restriction ends or the purpose of the restriction is accomplished, or both.

COMMUNITY FOUNDATION OF WASHINGTON COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS, continued

Concentration of Credit Risks

The Foundation places its cash and cash equivalents in bank deposit accounts at high-credit, quality financial institutions. At times, such accounts may be in excess of the Federal Deposit Insurance Corporation insurance limit. The Foundation has not incurred losses related to these accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Investment securities, in general are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain long-term investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Financial Position. The Board routinely reviews the performance of its investments.

Investments

Investments in money market funds and marketable securities are reported at their fair market values based upon published quotations. Investments for which the fair market values are not readily determinable are recorded at cost or, if received as a contribution, at their fair market values as determined at the time of the gift. Securities are generally held in custodial investment accounts administered by financial institutions. Cash and cash equivalents held at securities institutions and not used for operations are treated as investments.

Investment purchases and sales are accounted for on a trade-date basis. Realized gains and losses are calculated based upon the underlying cost of the securities traded. Interest and dividend income is recorded when earned. Gains or losses and interest and dividend income are reflected in the Statement of Activities as net investment income (loss).

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets

Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets

Level 3 inputs - estimates using the best information available given little or no market.

COMMUNITY FOUNDATION OF WASHINGTON COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS, continued

The Foundation is required to measure contributions receivable, certain investments, and charitable gift annuities at fair value. The specific techniques used to measure fair value for these financial statement elements are described in the notes below that relate to each element.

Property and Equipment

Property and equipment are recorded at cost if purchased or at fair value at the date of donation if donated. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets. Maintenance and repair costs are charged to expense as incurred. Property and equipment are capitalized if the cost of an asset is greater than or equal to one thousand dollars and the useful life is greater than one year.

Since its inception, the Foundation has received donated equipment, the value of which did meet its criteria for capitalization and have been capitalized.

Donated Materials and Services

Contributions of donated non-cash assets are measured on a non-recurring basis and recorded at fair value in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at fair value in the period received.

Income Taxes

The Foundation is exempt from taxation under Internal Revenue Code Section 501(c)(3) and similar provisions of the State of Mississippi.

The Foundation returns are subject to examination by federal and state taxing authorities, generally for three years after they are filed.

Functional Allocation of Expenses

The costs of providing the Foundation's programs and other activities have been summarized on a functional basis in the accompanying statement of activities and change in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues, and expenses as of the date and for the period presented. Actual results could vary from those estimates.

Subsequent Events

Management has evaluated subsequent events through the review report date, the date which the financial statements were available for issue.

2. Liquidity and Availability

The financial assets as of December 31, 2021, which are available for general expenditures within one year of the statement of financial position date, comprise the following:

Cash and cash equivalents	\$ 740,392
Less cash restricted as to use	<u>(624,247)</u>

There was no depreciation expense for the year ended December 31, 2021.

COMMUNITY FOUNDATION OF WASHINGTON COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS, continued

6. Endowment Funds

The Foundation endowment consists of funds established for a variety of purposes. The endowment includes both donor restricted endowment funds and funds designated by the Board to function as endowments. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Foundation's management and investment of donor restricted endowment funds conforms to the provisions of the Uniform Prudent Management of Institutional Funds Act (UPMIFA). Based on the Foundation's interpretation of the provisions of UPMIFA, the organization is required to act prudently when making decisions to spend or accumulate donor restricted endowment assets and in doing so to consider a number of factors including the duration and preservation of its donor restricted endowment funds. Some of those factors include maintaining overall portfolio risk at a reasonable level, providing for the reasonable diversification of investment, acting with prudence, and being cost conscious when investing.

The endowment funds that are temporarily restricted can make annual distributions up to 4% per annum based on the average balance of all cash and the market value of investment in the fund in the previous year.

Endowment net assets consist of the following:

	Without Donor Restrictions	With Donor Restrictions	Total
Board designated	\$ 1,514,894	\$ -	\$ 1,514,894
Donor restricted	<u>-</u>	<u>596,780</u>	<u>596,780</u>
Total	<u>\$ 1,514,894</u>	<u>\$ 596,780</u>	<u>\$ 2,111,674</u>

Rent expense	\$ <u>3,850</u>
Total	\$ <u>3,850</u>

10. Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. It has since contributed to an increase in prices nationwide. As such, the full magnitude of the pandemic's effects to the economy remains to be uncertain. Management is actively monitoring the global situation relevant to its financial condition, liquidity, operations, suppliers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Foundation is not able to estimate the effects of the COVID-19 outbreak on its business activities for fiscal year 2022.

On February 24, 2022, Russia invaded Ukraine, introducing volatility into the global economy. While the economic effects of the invasion are uncertain and evolving, many entities may be indirectly impacted by the war, especially those in the global energy, agricultural, and capital markets.

The Foundation's investments have experienced increases and decreases subsequent to year end, resulting in a net decrease in value of approximately \$250,000 as of May 31, 2022.
